# WHAT YOU CAN DO ABOUT PIMPLES

## Acne, Blackheads, and other externally caused Skin Blemishes

WHEN pimply skin is your problem, the first thing to get straight is that you *can* and *should* do something about it. To develop the attractiveness of your face is not mere vanity. It is an "open sesame" towards bringing the real YOU closer to other people and giving your personality the poise and confidence it needs. Your good qualities — intelligence, character, dignity — all go to naught... are completely cancelled out by a skin that "nobody loves to touch." Remember, the YOU that people see first is your face.

### SKIN PROBLEMS DEMAND IMMEDIATE CARE

Medical statistics tell us that blemished skin usually occurs from adolescence on through adult life. The problem at the adolescent stage is serious enough to deserve attentive care as a family matter. In adulthood, when life's responsibilities are so much weightier, it is doubly important to exert great effort to eliminate these blemishes. And, there is no better time to get pimples under control than *now*.

### DON'T ABUSE SKIN

The first instinctive reaction to pimples and blackheads is to squeeze them out with your fingers. A bit of experimentation along these lines soon provides convincing proof that this succeeds only in inflaming your skin and spreading the infection. Under no circumstances should pimples and blackheads ever be squeezed.

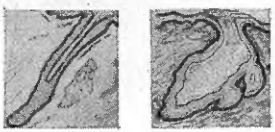
### MICROSCOPE SHOWS IMPORTANT BASIS FOR EXTERNALLY CAUSED PIMPLES AND BLACKHEADS

Let's take a look through the microscope to see what's behind those unsightly pimples. The high-powered lenses show your skin coated with a covering which originated from two sources—one, internally and the other, externally.

The internal substances on your skin, include dead cells, residue from the sweat glands, and a high quantity of oil excreted by the sebaceous glands. A most important factor in skin disorders occurs when thousands of these tiny sebaceous glands discharge more oil than the skin can use for lubrication. Unless special care is given, the oil forms a heavy film which attracts foreign matter to your skin much as any oil mop picks up dust. These infectious external substances may be classified into three general groups:

1. Airborne materials such as dust, pollens, condensation products of smoke, vapors, etc.
2. Materials brought in contact with the skin, such as tiny fragments of clothing, bedding, cosmetics.
3. Micro-organisms such as bacteria and fungi.

See the difference between a healthy skin and a pimply skin in the microscopic reproductions below.



**A.** **Normal skin** **B.** **Sick, pimply skin**

*Diagram A shows a normal-size, smoothly functioning sebaceous gland. Diagram B pictures sick, pimply skin. Notice that the sebaceous gland is a swollen mass of trapped oil, waste and infectious bacteria.*

### TRY THIS SENSIBLE WAY

Two sensible aims to achieve in controlling this skin condition are: to clear the pores of clogging matter, and to inhibit the excessive oiliness of the skin. Toward these ends, Dornol Products' research makes available two formulas. One is to aid in thorough cleansing by highly detergent penetration which simplifies the removal of waste and foreign matter. The other is to discourage oiliness with clinically-proved ingredients, and to kill infectious bacteria often associated with externally caused pimples and blackheads

### BLEMISHES COVERED UP

To remove the distressing embarrassment of these skin blemishes, the second Dornol formula exerts a "cover-up" action on your broken out skin while the medication does its work. This, plus its pleasant odor, will spare you the mental distress which is associated with unsightly, malodorous, medicated preparations. Imagine! You can apply this Dornol formula to your skin by day and face the immediate present with greater confidence in your appearance, while secure in the knowledge that medication is acting to remove old blemishes and keep away new ones. What this "cover-up" action alone is worth in peace of mind is beyond calculation. No longer need prying eyes make you wince with humiliation and misery. Now because of this wonderful feature of the Dornol treatment, you can put your best foot forward ... at once!

### SATISFACTION GUARANTEED OR DOUBLE YOUR MONEY BACK

We know what the Dornol treatment has done for others, so we want you to try it at *our risk*. # DEATH IN THE DARK!

"COME on up on deck, Harry! Let's take our last look at the Pacific at night. We'll probably be hitting Korea tomorrow!"

Private Harold Marbury rolled over in his bunk and faced the wall. His bunk was the middle one of a tier of five.

"No, thanks," he called over his shoulder. "You guys go up alone. I think I'll get some shut-eye."

Corporal Mike Fenier — who had suggested the trip topside — shrugged and motioned with his head to Private Sam Atkinson. The two made the trip to the deserted deck of the transport.

"Can't understand that Harry," said Mike thoughtfully as they stared over the side at the choppy water.

"What do you mean, Mike?" Sam wanted to know.

"Well . . . we've known Harry for a long time, haven't we?"

"Sure." Sam scratched his head, puzzled. "The three of us were in training together. So what?"

"What I'm getting at is that Harry is a swell guy. We both like him. I think he likes us. But he always sticks to himself — like he's got something wrong with him . . . some secret he can't talk about...know what I mean?"

Sam nodded slowly. "Now that you mention it, I've noticed it myself lately. In fact, it's been getting worse in the past few weeks. Whatever it is, it's coming to a head."

Mike scowled into the night. "I wish he'd let us help him with whatever it is. Because, brother, it's my guess he needs help—bad!"

In his bunk, Harold Marbury bit his lip till the blood came, doing his best to keep from sobbing out loud. "I know it'll happen," he mumbled fiercely to himself. "Maybe the first day of combat. I'll disgrace myself — and the whole company! It'll happen, sure as —"

"What's gonna happen? What are you talking about?" Harold twisted in terror. An upside-down head peered at him; the head of Sergeant Hoskins who had the bunk above Harold's.

"N-nothing, Sarge," Harold stammered. "I was just talking in my sleep, I guess."

The sergeant grunted and his head disappeared upward. Harold Marbury gave a deep sigh of relief and sank back.

For how could he tell anyone that he, Harold Marbury, was afraid of the dark!

"Why, they'd laugh me right out of this man's army," he told himself fiercely.

Most children, he knew, are afraid of the dark at some time in their lives, but it had been different with him. He'd never gotten over that time, when he was seven years old, when his father had locked him in the dark cellar for punishment. For five hours he'd lain there,

# Skinny Girls Don't Have OOMPH!

## It takes those extra lbs. of solid flesh to "bring out" your natural curves

**If you're otherwise healthy but skinny, scrawny, rundown and lbs. underweight, try correcting this common mistake in eating.**

THERE are three essential substances that many thin, scrawny and undernourished girls may fail to get in sufficient quantity from the food they eat. These substances are Vitamin $B_1$, calcium phosphate and iron. If, like thousands of others, you are underweight without organic cause . . . never seem to gain a pound . . . are so thin that you look gangling and gawky from insufficient amounts of these precious elements, don't get discouraged.

You may find that by correcting this simple mistake in eating you can easily add firm solid flesh . . . extra alluring pounds that help bring out those natural eye-catching curves. A simple and easy way is to try the amazing new product called Numal that supplies, in significant amounts, the Vitamin $B_1$, calcium phosphate and iron needed in the daily diet. Plus a food that in itself is a great help in adding extra pounds.

Take 1 heaping teaspoonful of Numal 3 times a day. It is pleasant, assimilable and easy to take. You will get the equivalent in Vitamin $B_1$ content of 34 cakes of average moist baker's yeast . . . the iron equivalent of 15 pounds of tomatoes or 1⅔ pounds of spinach or 9 pounds of boiled beets...and the calcium equivalent of 4/5ths pint of fresh cow's milk, the phosphorus content of 1 glass.

Remember, if you don't get a sufficient quantity of Vitamin $B_1$ in your daily diet, you may suffer loss of appetite. And without sufficient iron, the element that helps build rich red blood, you may be rundown, pale, weak and listless. You need calcium phosphate for sound teeth and sturdy bones.

I WOULDN'T BE SEEN WITH THAT SCARECROW
SKINNY MEN ARE NOT ATTRACTIVE EITHER
. . . a skinny, scrawny body is no asset in social or business life. Give NUMAL a chance to build you up, put firm flesh on you.

*If loss of weight persists see your doctor*

***Numal Must Please You or No Cost***

So if you are skinny, gangling and bony from lack of these precious nutrients, don't wait any longer. Get Numal today. You will want those extra pounds that "bring out" your natural eye-catching curves. Take Numal faithfully for a week. See if you can't actually feel the difference . . . gain weight and better color. If after this short period you honestly don't feel Numal has benefited you, just return the bottle for a complete refund of your money. Numal costs but a few cents a day to use.

sobbing and screaming uncontrollably, before his parents had let him out.

His father couldn't have known there were hungry rats in the cellar, of course, but Harold would never forget those rats. When he'd been let out his face and arms were covered with ratbites.

Somehow, he'd managed to conceal his fears during training and maneuvers, but — Harold Marbury knew — some dark night he'd be lying in a foxhole on the battlefield, and something would happen to awaken his old fears, and he'd scream and cry like a baby, warning the enemy of their presence and bringing destruction to his unit. And there was nothing Harold could do to prevent it....

Two weeks later, Harold's outfit moved up to the front lines. Sergeant Hoskins addressed his men.

"We've been ordered to dig in here, men, so get your shovels out and start preparing foxholes. And keep it quiet. We may be closer to the front than you think!"

"Say, Sarge," put in Mike Fenier, "it's cold and dark tonight. Can we start a fire?"

"No lights!" the Sergeant snapped. "There're rumors of an enemy air attack. One match would give away our positions!"

For a while, the still night was disturbed by the grunts of the working soldiers. Harold Marbury, busy preparing his foxhole, forgot his fears for the moment. But finally, crouched in his foxhole, Har-

old became aware of the menacing blackness. A voice to one side startled him, until he recognized it as that of his friend, Mike Fenier.

"Sure is dark and scary," Mike was saying. "Ain't it, Sam?"

"Yeah," came the voice of Sam Atkinson, "but I guess we'll be all right. You okay, Harry?"

"I'm fine," Harold croaked, managing to keep the fear out of his voice.

Then there was silence, as the men fell asleep.

Would this be the night he cracked, Harold wondered? If only he could manage to control himself! Suddenly, a rustling sound nearby filled him full of panic. Could it be a rat? He bit his sleeve to keep from screaming. The rustling came closer, and — something — dropped into his foxhole.

Clutching his gun with one hand, Harold reached out with the other. There was a whimpering noise, and something wet licked his hand. Relief washed over him. It was only a puppy! At that moment, all his fears seemed to disappear. For Harold Marbury knew he was a man now, and no longer would be he troubled by his childhood imaginings. He had met his test, he hadn't failed it, and his fears had proven groundless. He need no longer worry.

And that night, Private Harold Marbury slept in his foxhole with his arm around a homeless puppy, and on his face — if any one could have seen it in the dark — was a deep smile of peace.

LAY OFF THE BOX-TOP INSTRUCTIONS, BURKE... WE'VE BEEN ON PATROL BEFORE!
YEAH... AN' I'M BRIEFIN' YA SO THAT YOU'LL COME BACK AN' GO ON A LOT MORE.'
AW, COME ON, LET'S GET MOVIN' BEFORE HE STARTS RECITIN' THE ARTICLES OF WAR TO US.'
2

THE FIVE DOGGIES DRAG THEIR BOOTS THRU THE MUD FOR HALF AN HOUR...THEN BURKE CALLS A HALT...
THIS'S WHERE WE SPLIT UP! ME, CLUSKY, YOU AN' KNOBE AND FISHER PROBE THAT FLANK A MILE DEEP!
OKAY, BURKE!
ME AN' NAGRODSKI WILL COVER THIS SIDE! SO LONG... AN' GOOD LUCK!
SEE YA BACK IN CAMP, FELLAS!
I HOPE!
THERE'S NO LOVE LOST BETWEEN NAGRODSKI AND BURKE...AND NO CONVERSATION WHEN THEY'RE ALONE...
THEY WALK...

YI-YA-A-A-A!
"LET 'EM HAVE THE GRENADES"
KA-WHOMP!
KA-WHAAM!
THE BLAST OF THE GRENADES ROLLS OUT OVER THE HILLS... AND ALL IS QUIET...

A SHADOW MOVES IN ONE OF THE SHELL HOLES.' IT MOVES...AND BREATHES...
CRIPES, IT'S QUIET.' THEY MUST'VE GOT BURKE... NOW THEY'RE WAITIN' FOR ME TO MAKE A MOVE.' AN' AS SOON AS I DO THEY'LL BLAST MY HEAD, TOO.'
THERE'S ONE!--I SEE HIM MOVING.' I GOT HIM HANGING ON MY SIGHT...
NAGRODSKI PULLS THE TRIGGER AND...
JAMMED.' THAT MUD JAMMED IT.' OF ALL THE BLASTED LUCK.'
CLICK!
NOW ALL I GOT TO FIGHT BACK WITH IS THIS BAYONET.'

NAGRODSKI STARTS TO SWEAT IT OUT...
THE NIGHT GETS DARKER ...AND HIS GUTS BEGIN TO CRAWL...
IT'S COLD...BUT NAGRODSKI'S BODY IS BLEEDING WITH SWEAT...
I HEAR 'EM MOVING AROUND...WHY DON'T THEY COME AN' GET ME?
I GOTTA TAKE IT EASY... I GOTTA WAIT...I GOTTA SWEAT 'EM OUT...ALL NIGHT... SWEAT 'EM OUT...
AND WHEN THE LONG, WEARY NIGHT STARTS TO DISSOLVE...NAGRODSKI TIGHTENS HIS FIST AROUND THE BAYONET AND PEERS UP OVER THE EDGE OF HIS SHELL HOLE...
I SEE THE DIRTY BUTCHER...HE'S WATCHIN' ME.'
HE'S CRAWLIN' OUTTA HIS HOLE. HE'S COMIN' AFTER ME.' I'M GONNA GET OUTTA THIS HOLE... OUT IN THE OPEN WHERE I CAN FIGHT.'
CAUTIOUSLY THE TWO MEN STALK EACH OTHER IN THE MURKY MORNING AIR.' THEN NAGRODSKI RAISES HIS BAYONET AND RUSHES FORWARD...
I'VE BEEN SWEATING YOU OUT ALL NIGHT... JUST TO GIVE YOU THIS, YOU LOUGY LEECH.'
BURKE.'
NAGRODSKI!
CRIPES... AM I GLAD TO SEE YOU.'
ME TOO.'
